## WEBINAR- "Secret to Success: Set Right Goals."

On July 31st, 2021, the **Department of Computer Science and Computer Application** hosted a compelling webinar titled "**Secret to Success: Set Right Goals.**" The session featured Mr. Indrajeet Mukherjee, Manager of Business Production Support at a prominent multinational corporation in the USA. With over 15 years of extensive leadership experience across India, UK, and the USA, Mr. Mukherjee brought valuable insights into goal-setting strategies essential for professional success.

Mr. Mukherjee commenced the webinar by emphasizing the critical importance of setting clear and achievable goals in one's professional journey. Drawing from his vast experience in managing teams and projects, he highlighted that setting the right goals not only provides direction but also serves as a motivating force to drive continuous improvement and achievement.

Throughout the 60-minute session, Mr. Mukherjee shared practical techniques and frameworks for effective goal-setting. He stressed the significance of aligning personal goals with organizational objectives and leveraging them to enhance professional growth. Participants gained insights into how to prioritize goals, break them down into actionable steps, and measure progress effectively. Setting the right goals is indeed a fundamental aspect of success. The process of setting goals provides clarity, direction, and motivation, guiding individuals and organizations towards their desired outcomes. Sir highlighted the importance of setting the right goals discussing some key points.

The webinar attracted a total of 110 registered candidates, with 100 attendees actively participating in the session. Participants engaged enthusiastically during the Q&A segment, seeking advice on overcoming common challenges in goal-setting and personal development. Mr. Mukherjee's interactive approach and real-world examples resonated well with the diverse audience comprising aspiring professionals and students.

In conclusion, "**Secret to Success: Set Right Goals**" provided attendees with practical strategies and insights into the art of goal-setting for professional excellence. Mr. Indrajeet Mukherjee's wealth of experience and expertise in leadership underscored the

importance of clarity, commitment, and resilience in achieving personal and organizational success.

The success of the webinar underscores the ongoing interest in personal development and career advancement within the Department of Computer Science and Computer Application.
